

HOW BIG IS YOUR FOOTPRINT?

1. Set your printer on 100% (after having printed the measure sheet please verify that the scale is correct by measuring the scale on the bottom right of this page). if it's not correct please check again your printer settings
2. Please place the heel of the bare foot on the measure sheet using the black line as a starting point. please note that your child should be standing.
3. Once the foot is complete flat mark with a pencil. the longest part of the foot (this is often the toe).
4. These are the measurement of the footprint of your child. (add approximately 1,0 cm. kids need some space to move and grow)
5. Check our sizechart to find the correct size.
6. Give the measure sheet to your child for coloring purposes!
